

BUSINESS ACTIVITY

- Manufacturing Edible and non-Edible oils
-

COMPANY PROFILE

Inno-Wangsa Oils & Fats Sdn Bhd's goal is to be one of the world's leaders in the vegetable oils and fats industry. They are guided by the Three Q's. **Quality, Quantity and Quickness.** The company incorporated in Malaysia on November 1993 as a Private Limited company and commences its business in the same year. They undertake corporate orders for import and export of their products for countries such as Africa, India, China, Korea, Indonesia, Papua New Guinea and few others. They have also further diversified the company to Indonesia and Papua New Guinea to meet the increasingly varied demands of the market and to enhance the total manufacturing capabilities.

PRODUCTS

- Palm based edible vegetable cooking oil.
